PUBLIC WARNING - MOTOR RACING IS DANGEROUS

Spectators attending this meeting do so entirely at their own risk. It is a condition of admission that all persons having any connection with the promotion and including the owners of the land and the drivers and passengers of the vehicles, are absolved from all liability arising out of accidents causing damage or personal injury to members of the public who may be present as spectators.

We have in the programme today the cream of British sprinters. Through the efforts of the National Sprint Association, the President of whom is the King of Speed himself - Malcolm Campbell, this motor-cycling sport is becoming more popular each year. Machines are prepared to a fine degree and represent large sums of money and many hours spent on them.

First to accept their responsibilities the National Sprint Association is thinking more and more about the spectator side of the sport. An instance of this is the first ever full scale attempt at a meeting of this size to have two timed runs at the same time. We hope that these double timed runs prove successful and they should certainly add further spectator appeal and encourage riders to extract the last ounce of speed from their machines.

In the not too distant future it is hoped that further spectator facilities will become available. Just two ideas are, large timing clocks which all can see and, closed circuit television.

Another first for the Ilford M.C. & L.C.C. today is the fact that this is the first all motor cycle meeting to be held at Debden. On the success of this meeting rests the future of further meetings. Please co-operate with the Club by not straying in prohibited areas or leaving litter. We are sure you are to be treated to a thrilling day's sport. Thank you for your support and if you live within ten miles or so of Ilford why not join a Club you will be proud of. We meet every Tuesday evening at The Doctor Johnson, Longwood Gardens, Barkingside, Essex, or write to E. Smith, Esq., 5 Coleridge Ave., London, E.12.
