# Firestone F100 Radial: the tyre so good they named a racing formula after it.

## And they still call it 'the family tyre?'

For the first time this season a new racing formula will be exciting crowds at circuits all over the country.

The formula is called F100.

The new category is named after the Firestone F100. This tyre is a family car radial but due to its amazing performance has seized the imagination of racing drivers. In the last few years it has dominated Formula Ford racing.

Tyres on racing cars take more punishment in an hour than ordinary motoring hands out in a month. So when you've got Firestone F100s on your car you've got a lot of mileage to put in before they wear out. And you've got a lot of grip, in the wet or dry, to keep you safe. And *that's* why they call F100 the 'family tyre.'

The family tyre that goes racing.

**Firestone build strong tyres.**
